

Awaken The Hour: Productions

Dan is a dual certified and experienced Audio Engineer who started his sound engineering journey at the Recording Workshop in 2002, where he completed over 300 hours of hands on technical training in Recording, Mixing, Mastering and Music Production. Additionally, he is a graduate of Full Sail University where he earned his Degree in Audio Production. Dan EXCELLED in his academics at Full Sail University where he graduated with a 3.82 GPA and became a member of the National Honor Society of Collegiate Scholars in Audio Production, after being nominated by the University. Dan is professionally trained in Audio Production techniques, sound quality and professional industry software including multiple Digital Audio Workstations (ProTools, Ableton Live & Logic Pro). He is a lifelong musician and song writer, with an extreme passion for creating music in any capacity. Dan is also a retired Air Force Master Sergeant (Senior Manager) with a 20 year extensive background including military operation planning, oversight of logistics, as well as training methodology and development. He has stepped foot in almost 60 countries, on 5 continents and performed over 250 combat missions in Iraq. Despite serving in the Air Force, he was awarded an Army Combat Action Badge and Army Commendation Medal in 2007 for his time in Iraq. He has also received the United States Meritorious Service Medal, as well as being selected as the 2019 MAJCOM "Non Commissioned Officer of the Year", where he beat out all other Security Forces candidates in the Air Force's largest career field, across 8 different bases. He is also a 2018 graduate with a degree in Criminal Justice. It's been 23 years since he started his journey towards one day owning his own recording studio for local musicians however, it's always been the dream, and that dream has finally arrived.
